Aims

Facilitate partnership working between police and local schools to empower young people to tackle community related issues including road safety, bullying, online safety and anti-social behaviour.

Objectives

- To reduce the risk to young people, parents and road users in the school vicinity.
- To raise awareness of bullying in and out of school.
- Improve online safety of young people
- To increase pride in the school and local environment.

Keeping Children Safe in Education 2018
